A New Year's Message
From The Legion President

LET'S STOP THIS PETTY BICKERING!

This is the time of year when we look back on our sins and omissions of the past and make resolutions for try and do better in the future.

While we all have our own ideas about what resolutions are important, I believe in at least one that every member should determine to keep in 1970. It concerns the English-French language problem which has been the subject of bitter arguments in many parts of Canada. It is understandable that some of us, living in an area where little French is spoken, are apt to be annoyed when we receive federal documents and forms in French as well as English.

Some raise a great hue and cry when they hear, upon occasion, a voice answer in English after French on a federal government telephone. Others see something insidious about the French inscription placed over the English inscription on a poppy wheat at our national memorial.

Let's resolve to stop this petty bickering. It is doing great harm and, as long as it continues, it poses a serious threat to the continuation of Canada as a Nation.

As an individual and as your president I feel that we should do everything we can to conserve and protect national unity. This means putting aside personal prejudices which are adding fuel to the flames of controversy and providing ammunition for those divisive forces determined to effect the break-away of one province to form a separate state.

The Legion includes in its membership several thousand French-speaking Canadians who fought voluntarily for Canada in two World Wars. Many died and others suffered disabilities fighting alongside their English-speaking comrades. In action they were not concerned with protocol and who went first. They worked together as a team. They respected each other for what they were, rather than for the countries in which they or their ancestors happened to be born.

The year 1970 could be a crucial one over this question of bilingualism. The future of Canada as a nation is at stake with the issue of responsibility on English-speaking Canadians to accept the fact that French-speaking Canadians are entitled to equal status.

I feel that the Legion must provide leadership on problems which affect our national progress and unity. Therefore I hope all Legion members will make a New Year's resolution to adopt a more tolerant attitude towards the needs of French-speaking Canadians and take the broader view of a national policy upon which the unity of Canada depends.

DOLLARS AND GOOD SENSE

by William J. Martin.

Dear Mr. Martin,

As an elementary school teacher and a parent I've often wondered what's the best age to start teaching a child the value of money. Also, what's the best way to go about it? Do you have any suggestions?

Mrs. A.K.

Many parents will believe the most effective method is to have the child earn the money. They contend that by working for a dollar, the child will appreciate the value of that dollar more.

Other parents provide an allowance to the child to "buy" the items needed, mainly, etc., during the week which he or she desires.

The sensible view of course, is that the child will spend his money wisely and thereby learn the value of the amount allowed him. In this particular method, parents must exercise rather rigid control over the child who must not "run out" of money before the end of the week. If you advance that this next week's allowance for whatever "important" reason they give, you must be firm the following week when allowance time comes up. Ideally, one effective method is to supplement the child's weekly allowance with extra money he has earned by performing certain household chores.

Both of these methods are good and will work if the parents show an interest in the child and his allowance. But how to save, however, that the earnings only needed to pay for the value of money for the youngster, by having the child "earn" it.

But whatever method you employ, don't attempt to control the child's spending. Rather, try to guide him towards using the money wisely to "buy" what he needs or desires.

So the child is concerned, I think that the only real rule of thumb is that the most part of the child's allowance be that 5 or 6 or 7 or 8 or 9 or 10 or 11 or 12 or 13 or 14 or 15 or 16 or 17 or 18 or 19 or 20 or 21 or 22 or 23 or 24 or 25 or 26 or 27 or 28 or 29 or 30 or 31 or 32 or 33 or 34 or 35 or 36 or 37 or 38 or 39 or 40 or 41 or 42 or 43 or 44 or 45 or 46 or 47 or 48 or 49 or 50 or 51 or THE GALLOPING GOURMET

The guru of gastronomy, Graham Kerr, gallops into radio with a new series of tie-in breakfast hints. The Gallop'n Gourmet, who began on CBC Radio in January, is heard at 9:10 a.m. Monday through Friday. On his five-minute radio show Kerr is every bit as entertaining as he is on his weekly TV series which had fine phenomenal success all over the world. If you're looking for the meat and potatoes, The Gallop'n Gourmet has the answers. For TV viewers the Gallop'n Gourmet is "aired Monday through Saturday on the CBC-TV network."

STRONG TALK

Today we have an association to represent almost every phase of life possible — included is the Canadian Wolf Control Association. This association is a group of conservationists and hunters consisting of several thousand members in Canada and US, dedicated to improving wild game herds by reducing predators and improving game environment. The following is information which was given to me from a member of this association — it startled me to say the least. I would like to pass this information on since we live in a good hunting area.

The Association says, "There appears to be a trend in many governments now to phase out hunting completely. One government biologist recently was quoted in a Toronto daily paper as saying, 'we intend to eliminate hunting completely and offer the people a total outdoor experience'."

The deer population has completely vanished from much of Ontario's best deer range, and the rest is in serious danger, but still the Department of Lands and Forests keep propagating wolves and other predators instead of game, even though the Game Act says: The purpose of this Act is to provide for the management, perpetuation and rehabilitation of wildlife in Ontario.

We have documents from former Lands and forest employees who worked on projects raising and releasing wolves in the name of research.

In communication with members of all three major political parties familiar with wildlife in Ontario, we find they are unanimous in agreement with us.

Some government biologists and M.P.'s expect the Ontario Department of Lands and Forests to try to eliminate hunting completely south of No. 17 highway within three years and to have complete control of all privately owned firearms within the next few years.

If we are to rebuild of game herds and continue to have the privilege of owning and using firearms it is of utmost importance that you write today to Rt. Hon. John Robarts, Queen's Park, Toronto, and request the immediate change of policy and personnel responsible for the present situation, also request a reply.

The information given to me has a P.S. at the bottom which says: "If you wish to support the CWCA, our membership is one dollar per year, write to Harvey Lawrence, Callander, Ontario."

Personally I don't know the deer and wolf situation, and it is very doubtful whether or not many people do. However, I think it is up to the government (The Department of Lands and Forests) to take a complete survey of this very important situation, and give a good detailed report to the press and Associations, such as mentioned above. This might clear the air, and stop the stone throwing. It would also be just as important to come up with the answers to keep our deer ranges full of deer.

HALIBURTON, KAWARTHA, PINE RIDGE DISTRICT HEALTH UNIT REPORT FOR DEC.

Communicable Disease — of 66 cases reported during the month, 35 were mumps and 32 chickenpox. The balance were comprised of German measles, infectious hepatitis, salmonellosis and scarlet fever.

Eight rabid animals were reported in December — five of these in Victoria, one in Durham and two in Northumberland. There was one horse, two bovine, two foxes and three stinks. Vaccines for preventive treatment of four persons was dispensed to the family physicians.

Tuberculosis — Only 2 chest clinics were held this month, at Bowmanville and Port Hope; of these 42 persons received a chest X-ray. There are 334 on the case register for Northumberland and Durham Counties at the end of the year 1969.

There were 263 tuberculin (Heal) tests given this month; five of these were positive, indicating contact with tuberculosis at some time.

Immunization — Thirty clinics were held this month; of these 109 children received primary small pox vaccination and 602 had a revaccination; 585 had a reinforcing dose of Triad which gives protection against diphtheria, tetanus and poliomyelitis.

Public Health Nursing — The bigger part of the immunization programme for the year has been completed in the schools by the end of December. This includes the measles vaccine given to school beginners, and reinforcing doses of diphtheria, tetanus and poliomyelitis, and revaccinations in grades five and six. The remaining part of the immunization programme, chiefly in the secondary schools, will be done in this month.

Heal testing has been partly completed in Northumberland and will be continued in Durham and Haliburton Counties in the spring. The Provincial Department of Tuberculosis Control in Lindsay does the tuberculin testing in the schools in Lindsay and Victoria County.

Nursing care in the home is now being undertaken in Haliburton County. The Victorian Order of Nurses does this programme in Lindsay and Victoria County.

Nursing Homes — Seventeen inspections of Nursing Homes in relation to meeting the requirements of the Nursing Home Act were carried out during the month. Nursing Homes that have complied with all the requirements are recommended for a license, while the others which have not completed the requirements are given provisional licenses for a further period of six months. It is understood that all nursing homes must complete their requirements within the next six months, as a further

COLLEGE OFFERS COURSE FOR SNOWMOBILE OWNERS

A six-week course for snowmobile owners covering basic mechanical trouble-shooting, driving techniques, storage procedures and first aid will be offered through the continuing education division of Sir Sandilands Fleming College on Mondays beginning January 19.

Division Director Fred Anderson said while the course will stress preventive maintenance and show owners how to conduct preliminary corrective checks for engine failure, it is not designed to make every snowmobile owner an "expert" mechanic.

"The information could get owners out of a tight spot, and will help avoid costly repairs resulting from poor maintenance, but we will expect graduates to handle major repairs to experts," he said.

Classes will be held from 7 to 9 p.m. in the well-equipped engine mechanics and small engine repair shop at Peterborough's new training center, which operates as a division of the College.

The first evening will include a brief review of engine theory and operating principles. Subsequent classes will deal specifically with carburetion and fuel systems, track alignment, bearing lubrication, drive belts and chains, track alignment and storage checks.

A local racing team member will discuss driving techniques and machine handling characteristics. Highway legislation, also, will be covered, and the final evening will be devoted to first aid.

Safe working and driving practices will be stressed throughout the program.

MINDEN MINOR HOCKEY NEWS

The Midgets have been starting to move lately, over this past week they split games, with a 10 to 2 defeat in Bobcaygeon and a 8 to 3 victory here against Fenelon Falls. In Bobcaygeon Lee Bull and Bev Hicks scored with Rick Dunston and Bill Leary gaining assists. In the Fenelon Falls game, Lee Bull was the big shooter, scoring three goals, while singles went to Bob Arbuthnot, Jeff Campbell, Rick Dunston, Bill Leary, and Wayne Harrison. Campbell, Dunston, McKenzie, Jackson and Yearwood received assists.

On Monday of this week, the Midgets dropped an 11 to 3 decision, once again to Bobcaygeon. Scoring for Minden was Bev Hicks, Bob Arbuthnot and Bill Leary.

In Novice 'A' action last Thursday, Minden bounced Fenelon Falls 7 to 5. Jeff Carpenter led the Minden attack with three goals, while Jerry Campbell picked up two, and singles went to Bradley Griffin and Peter McKenzie. Bill Hogg, Scott Walker, Jerry Campbell and Peter McKenzie picked up assists.

On Friday night the Novice club came from behind to tie Bobcaygeon 2 to 2. Peter McKenzie, playing his best game of the year, fired in both Minden goals.

The Novice have two more home games this week, Thursday and Friday night, Haliburton and Fenelon Falls will be the visitors.

In Bantam 'A' play the locals downed Bobcaygeon 4 to 3. Wayne Harrison who has been a going concern this year for the Bantams fired in 3 goals to pace the locals to the win. David Hicks picked up a single, Bob Durman figured in on two assists.

The Bantams next game will be against Haliburton Tuesday, January 27th.

The Minden Pee Wees are still having their troubles, as they dropped two games last week, 11 to 2 in Fenelon Falls, and 6 to 1 in Haliburton. Scoring for Minden in the Fenelon game was Lee Austin and Dean Hewitt. Dean Hewitt scored Minden's only goal in Bobcaygeon.

On Monday night the locals dropped a 7 to 1 game with Kilmount. Dean Hewitt was Minden's only goal scorer.

The next game for this club is in Minden on Monday, January 26th.

The Mighty Minden Mites keep rolling up victory after victory, as they won their sixth straight game on Saturday afternoon with a convincing 12 to 0 win over Kilmount. Almost everyone on the team figured in on the scoring. Paul McKenzie scored the hat-trick, while Mark Greir, Cory Conybeare and Cory Walker each scored twice, singles went to Leslie Booth, Jim Hatkoeki and Gary Harrison. The defence of Roger Hicks, Terry Harrison, David Arbuthnot and Jim Hatkoeki, played another strong game along the blue line, allowing Kilmount out of their end only twice throughout the game. Mike Clark registered his third shutout of the season.

SOME HISTORY OF MINDEN

I have before me a copy of two Crown Grant Sales, evidently bought in two sections. Possibly my grandfather, Thomas Hobden, was able to pay for both lots at the same time.

The Odeas pre-1840 Lot 10 and 11, Con. 7, Mendon Township, Lot No. 10 is 93 acres for the sum of \$20.00 dated June 1871. The other deed for Lot No. 11, Con. 7 is for 84 acres for a price of \$20.00 dated May 1871.

Deeded to Thomas Hobbes and
Minden Township, Peterborough
County

These records were probably one of the first leads in that area. Thomas Hobbes, and his wife came to Canada from Brighton, England and settled in Coburg in 1857. They then moved to Maudslayi in 1866, and died, and cleared the above mentioned land. Thomas Hobbes and his wife were blessed with 12 children. One buried in England and two in Coburg. Two of three were born in Coburg and one or seven at Horse Shoe Lake, not being listed as this now named in later maps. The records clearly show property is on the shore of Horse Shoe Lake.

It also reads: Savings and exceptions and, reserving unto us, our heirs and successors The free uses, passage and enjoyment of its river and upon all navigable waters that shall or may be here after found on or under or be flowing through or upon any part of the said parcel or part of land hereby granted as aforesaid.

Given under the great seal of
our Province of Ontario, Witness
The Hon. William Pearce, High-
land, companion of the most Hon-
ourable Order of the Bath and
Lieutenant Governor of the Pro-
vince of Ontario.

Thomas Hobden sold this property to his son Jim Hobden when he was married around 1888 or 1889, then bought a piece of ground about 10 or 12 acres from Michael Brown. Mr. Brown then moved to Menden and became Post Master in 1904. My father Joseph Raymond bought the farm from Jim Hobden and Mr. Hobden moved in Beaverville.

Around 1899 my brother Earl bought these lots 15 and 17 from my father then he and my mother moved to this place, previously owned by my grandfathers Hobden. My father died then, I believe in 1922. In 1916, I bought this old farm from my brother.

I hope your readers, Mr. Editor, will find this little piece of Hamilton County History of some interest.

Lawrence, P. 1984.

ABOUT THE TOWN

With Jerome S...

A note that Scott Young of the Toronto Telegram had an article in last Saturday's paper. We were pleased to see the suggestions made at the hearing in our recent snowmobile accident were listed. We wonder if it was stated no one was to blame and all were to blame. Perhaps these snowmachines should be banned from main roads but they are certainly useful in our county for fire and rescue.

Mrs. E. House and Mrs. J. Loughhead have been visiting their father Lawrence Plumbard and especially their mother, who is seriously ill in Holmiston Hospital.

The hardest lesson we learn in life is the one we've never learned: it is simply to leave other people alone, to stop bugging them and trying to change them. The only person in this life you can control — and it's hard work at that — is yourself. — Robert L. Milder

Globe and Mail

A house warming party was held at the home of Mr. and Mrs. Allan Coneybeare. They recently moved into the home previously owned by Anna Seeger. Some 75 people attended this party, with best wishes to the Coneybeares in their new abode.

Hint of the week — When cleaning your silver a cork dipped in the paste never scratches and if cut to a point will get into all the creases.

Patients at the local hospital on Tuesday included Bruce Mason, Hugh Kernahan, Sr., Gerald Sawyer, Mrs. William Miller and Mrs. Stewart.

We notice the Carnival Queen Dora on display. This is dressed yearly by Esther Spivack and looks very grand with her full of blonde hair and her wine eyes. The proceeds from the sale of tickets on this night are used to beautify our village. Several strings of popcorn are on Main Street were one of these projects. The village certainly appreciates this added feature of the winter Carnival.

We heard on the Lindsay Radio that there are no visitors allowed at Ross Memorial Hospital with the flu during the flu season.

Mrs. Lyman Cox has been a patient in Toronto General Hospital for tests. Hope her stay is short and

Sincere sympathy to the village of the La Hays on the death of a brother-in-law, Don McKenna of Toronto.

A smile is something nice to see
It doesn't cost a cent

A smile is something all your own
It never can be lost

A still a is welcome anywhere

The search for peace and truth didn't begin with the Beatles spoken to India with a guru. In 1791 Mozart's own version of a search for happiness was produced in Vienna as Die Zauberflöte, The Magic Flute. The story tells how a prince with the aid of a magic flute and a bird-partner finds his love and survives all the happenings on the path to highness. The Magic Flute is heard on the Metropolitan Opera broadcast January 17 starring Nicola Gedda, Teresa Zylla-Gard, Lella Popp, Hermina Henge and Hermann Prey.

The husband and wife pop duo, Sonny and Cher, take center stage as they present a show from Vancouver's Cave Theatre Restaurant On Stage January 17. Away from The Cave is an hour's entertainment with the Latin-inspired rock music of Tini Lopez on CBC Showcase January 18.

Twilight by East German playwright Rolf Schnitzler, won an award in West Germany three weeks ago as the best radio script produced in West Germany that year. On Sunday January 18 Studio 70 presents this story of a boy and his hidden by a German family during the Second World War - an arrangement that continues long after the War is over.

C.S. Forester's landmark Hornblower story, Hornblower and the Hurricane, adapted by Ray Briston for the Theatre 10/10 series January 19 is 23 under the title Cammehorn Hornblower. Royal Navy Briston is the narrator as Hornblower's initial subordinate, Lieutenant Bush. Robert Clothier plays Hornblower.

That naughty subject pornography comes up for review on pornography? Why are there no Soundings January 21. What is pornography? On whose taste is pornography? Why buys, reads, uses pornography? FOURSOME

Just because CBC radio personalities are better than seen doesn't mean they're unattractive. Take the foursome pictured here for example. The program star of Juliette is already known to many, she's a regular on the Toronto edition of After Noon. The young man next to her is John Kastner, the bright new host of the Saturday teen show, Action Set. Behind him is perky girl Helen Hutchinson, a welcome addition to the weekday series Matinee. Beside her is Chris Gilmour, of the longtime program favorite just turned 13, Gilmour's Albums. A talented group and good looking too.
